

Dear Stakeholder,

U.S. Citizenship and Immigration Services (USCIS) has recently posted a [notice](#) on its website with important information for individuals granted deferred action for childhood arrivals (DACA) prior to August 15, 2012. If you were granted DACA by U.S. Immigration and Customs Enforcement prior to August 15, 2012 or are a DACA recipient with an employment authorization document (EAD) that will expire in the next 120 days, you must apply for DACA renewal to avoid any lapse in your employment authorization or accrual of unlawful presence in the United States.

If you have moved since your EAD was granted, please visit [www.uscis.gov/addresschange](http://www.uscis.gov/addresschange) to update your address on file with USCIS.

Kind regards,

Public Engagement Division  
U.S. Citizenship and Immigration Services
