Access only for sponsors and qualified manufacturers.

A manufacturer is defined as a company that transforms raw materials into parts that actually are incorporated in a vehicle, aircraft, home appliances, medical devices or other export products.

Participate in our **VIRTUAL B2B Meetings**, build connections and find potential new clients and partners.

- Our events have an average of 1,200 confirmed meetings.
- Pre-arranged informal/introductory video-meetings of 20-minute intervals.
- Meetings will be scheduled from 14:00 to 17:00hrs during the 3 days of the virtual event.
