

2014 WORKERS' MEMORIAL DAY EVENT

Each year in the United States over 4,000 workers are killed on the job. Workers' Memorial Day commemorates those fallen workers. This year the OSHA Region VII Office, OSHA Kansas City Area Office and The Builders' Association will be hosting a Workers' Memorial Day Event to recognize and pay respect to all workers who have died in the workplace. Come join us in this event recognizing the importance of all workers' safety and health in the workplace.
